

Bachelor IN 

Hotel Management & Catering Technology (Hons.)

HOTEL MANAGEMENT & CATERING TECHNOLOGY (HONS.)

Introduction

The Bachelor in Hotel Management and Catering Technology is a dynamic undergraduate program designed to prepare students for successful careers in the hospitality industry. This program combines theoretical knowledge with practical experience, focusing on key areas such as hotel management, food production, and customer service.

In addition to the core subjects, students will also gain knowledge in business management, marketing, human resource management, and financial management, which are essential for running successful hospitality operations. The program encourages students to think critically, work collaboratively, and stay abreast of industry trends to anticipate and meet the evolving needs of guests.

Course Highlights

- **Industry-Relevant Skills:** Develop a strong foundation in hospitality management and operations.
- **Practical Experience:** Gain hands-on training through internships and real-world projects.
- **Leadership Development:** Foster managerial skills to lead teams and make strategic decisions.
- **Customer Service Excellence:** Emphasize the importance of exceptional guest relations.
- **Culinary Arts:** Learn food production techniques and catering management.
